

Summer Math Challenge

Students have been working hard all year to master math skills at their grade level and we are excited to continue their practice throughout the summer. Students will be recognized for practicing during the summer at our beginning of the year Challenge Celebration. Color in one box for each 60 minutes of skills practice completed. The 60 minutes does not have to occur in one practice session.

Math Challenger

Time Spent on Skills Practice

60	60	60	60	60	60
60	60	60	60	60	60
60	60	60	60	60	60
60	60	60	60	60	60
60	60	60	60	60	60
60	60	60	60	60	Total
60	60	60	60	60	

To participate simply log in at:

Prodigy: <https://prodigygame.com/Play/>

Students will continue to use their **current username and password** that they used throughout the school year. Parent letter has been included on back with your student's username and password. The parent letter also explains how you can link an email to see what your child is working on and track how they are doing. Thanks!

The link below has helpful information for you and your child.
